

April 5, 2004

To Whom It May Concern:

This letter will introduce Steve Wesson. Steve has worked under my direct supervision at Data Net Solutions, Inc. since September 11, 2000. During that time I have watched Steve excel within his career. He has taken our company to new heights in regard to our marketing and website design; we could have not reached this level of professionalism without him.

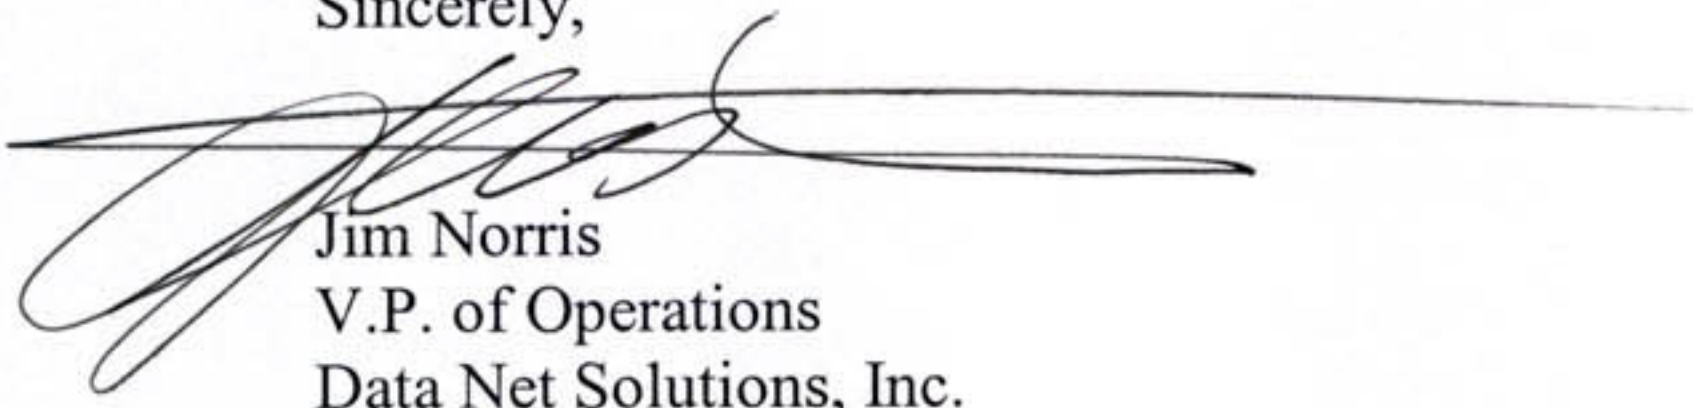

Please visit our website to see some of Steve's work.

Steve is a hard – working self starter who invariably understands exactly what a project is all about from the onset, and how to get it done quickly. He is very creative and resourceful when it comes to website design and graphics.

Data Net Solutions, Inc. has decided to cease web design operations and focus on its main objective, Network integration.

In closing, I would like to say that anyone that employ's Mr. Wesson will be glad they did. We are saddened that this turn of events has happened; Steve will be missed by all here at Data Net. Please feel free to contact me for further information at 760-466-1200 ext 202.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Norris", is written over a horizontal line. The signature is fluid and cursive, extending across the width of the line.

Jim Norris
V.P. of Operations
Data Net Solutions, Inc.
